

City-Wide Street Sweeping Scheduled June 23 – June 26

In an effort to reduce water and air pollution, and as part of the City's Stormwater Management Program, street sweeping is conducted four times a year. Weather permitting, the next scheduled street sweeping will be June 23rd – June 26th. Listed below is the four day schedule. In order to help the sweepers go through smoothly, we ask that you please move items and vehicles from the street on your street sweeping day. If you have any questions or concerns, you may contact the Public Works Department at 681-1232.
